### FOR IMMEDIATE RELEASE

#### **Bandit Industries Welcomes Blanchard Machinery as New Industrial Equipment Dealer for South Carolina**

**Remus, MI** — Bandit Industries, Inc., a leading manufacturer of tree care and wood waste recycling equipment, is proud to announce a new dealer agreement with Blanchard Machinery. Under this agreement, Blanchard Machinery will represent Bandit's complete line of whole tree chippers, horizontal grinders, and slow-speed shredders throughout the entire state of South Carolina.

As a new Authorized Industrial Equipment Dealer, Blanchard Machinery will provide sales, parts, and service support to customers across the state, joining the Bandit Dealer Network in delivering high-quality wood processing solutions.

"We're excited to welcome Blanchard Machinery to the Bandit family," said Craig Davis, CEO of Bandit Industries. "Their reputation for excellent customer service and deep roots in South Carolina make them the ideal partner to support our growing customer base. With Blanchard's expertise, we are confident Bandit customers in South Carolina will receive the best in sales, service, and support.

Blanchard Machinery has a long-standing history of serving customers in the heavy equipment industry, and this new partnership expands their product offerings to include Bandit's powerful, reliable equipment designed for the forestry, recycling, and land clearing industries.
